

### ACI Environmental Policy:

ACI is committed in its responsibility to maintain Environmental awareness during its direct and indirect business activities. The following Policy is in line with ISO 14001 Environmental Management System and is integrated into the internal established quality and safety procedures.

ACI will:

<ul style="list-style-type: none"><li>• Demonstrate a strong sense of responsibility for people and the environment and ensure that this policy is communicated and implemented at all levels within ACI.</li></ul>
<ul style="list-style-type: none"><li>• Comply with, and where appropriate, exceed legislative and regulatory requirements, applying, where feasible, best available techniques in minimising the Environmental impacts of our activities.</li></ul>
<ul style="list-style-type: none"><li>• Manage and promote appropriately the use of our products to minimise pollution and risks.</li></ul>
<ul style="list-style-type: none"><li>• Actively encourage the reuse and recycling of our products and by-products.</li></ul>
<ul style="list-style-type: none"><li>• Develop and manage activities, which make efficient use of energy and raw materials and minimise emissions.</li></ul>
<ul style="list-style-type: none"><li>• Minimise and ensure the safe destruction or disposal of production waste, where reuse or recycling is not practicable.</li></ul>
