

Acoustic Enclosures

Acoustic Enclosures are available for all higher pressure fan models manufactured and supplied by ACI. They have the ability of reducing noise levels from 5-15dB(A) depending on the fan type and its operating conditions'

ACI can offer standard acoustic enclosures for the MR series of Centrifugal Fans; EP10A Compact Blowers; and for all RB Radial Bladed Blower units.

Enclosures are available in a range of standard dimensions, but please note that bespoke units can be designed and supplied.

ACI part number	Approx. footprint dimensions	Typical Fan examples	Material
7-070	1300 x 1300mm	Radial Bladed	 Powder coated mild steel, Stainless steel 304/316
7-074	1600 x 1600mm	Radial Bladed	
7-090	1300 x 850mm	MR480	
7-399	850 x 700mm	MR280/VBL9	
7-500	950 x 700mm	MR315	
KB-003	1185 x 720	EP10A
