

HFM Centrifugal Fans

A comprehensive range of forward curved centrifugal fans

ACI's latest range of forward curved centrifugal fans is a homogenous design and available in 1Ph or 3Ph, 2 or 4 pole, and ATEX rated versions for explosive risk areas.

Key Performance Figures:

- Flow rates up to 10,000m³/hr
- Pressures up to 33mBar

General Characteristics:

- Suitable for continuous running up to 48°C and 148°C when fitted with a heat spinner
- All casings manufactured from sheet steel - powder coated (black) as standard. Options include Stainless Steel (304 or 316); Aluminium (unpainted or powder coated)
- The HFM range incorporates forward curved centrifugal impellers manufactured from galvanised sheet steel as standard. Stainless Steel variations also available
- Standard motors are IP54 or IP55, but others are available on request
- Standard supply options:
 - 1Ph, 240V, 50Hz
 - 3Ph, 380/420VY / 220/240VD, 50Hz
 - Others available on request

Accessories Include:

- Guards
- Inlet & Discharge Spigots
- Optional Discharge Flanges
- Pedestals
- Inlet Bushes / Studs
- Filters
- Heat Spinners

Dynamically balanced, forward curved impellers offer excellent operating characteristics and low noise levels.

HFM Centrifugal Fans

A comprehensive range of forward curved centrifugal fans

50 Hz Performance Curves:

The illustrated curves are for 50Hz and are for selection purposes only.
For full performance details please refer to the specific data sheets.

HFM 108/42

Single Inlet Centrifugal Fan (2 pole)

General Characteristics:

[Please note - image above may not be representative of the unit supplied]

Motor type:	Standard motors are IP54 or IP55. More available on request
Nominal supply:	220/240V or 115V, 1Ph, 50/60Hz Others available on request
Materials & Finishes:	Sheet steel and powder coated (standard finish in black) Options include Stainless Steel (304 or 316); Aluminum - unpainted or powder coated
Motor variations:	ATEX, CE, CSA, UL available on request
Noise levels (max):	70.1dB(A) Free Air, 1M

Performance Curves:
